

New Endeavors
by Women

ANNUAL REPORT

JULY 1, 2021 – JUNE 30, 2022

WOMEN CHILDREN COMMUNITY

35 years of creating new futures for women
and children experiencing homelessness.

In partnership with women and children experiencing homelessness, New Endeavors by Women (NEW) creates new futures by providing a nurturing environment where women can recognize their worth and achieve independent living.

NEW transforms lives by providing housing, fostering the development of life skills, and promoting education and employment to increase self-determination and end the cycle of homelessness.

URGENT MEASURABLE PROACTIVE

New Endeavors by Women's (NEW) programs address an urgent need for housing for the most vulnerable Washington, D.C residents. This year, we proudly mark 35 years of successfully helping more than 3,200 women and more than 500 children. Our long-term vision is to end homelessness for the most vulnerable residents of Washington D.C. In working toward that vision, NEW is responding proactively to the need in the District for homeless services for women and their families.

NEW operates seven housing programs: one transitional and six permanent-supportive programs, including one housing program exclusively for families and two programs exclusively for senior women. We also provide after school help and field trips to as many as 28 children in our Youth Enrichment Program (YEP).

Each year we provide women and children with:

- safe shelter
- advocacy and case management
- independent living skills education
- substance abuse recovery assistance
- parenting skills training
- academic enrichment activities
- employment and career counseling
- strategies for obtaining and maintaining permanent affordable housing
- on-site support groups and workshops
- therapeutic and recreational activities
- and permanent housing

NEW PROGRAMS

New Transitions offers up to two years of transitional housing and intensive supportive services to 24 women who are overcoming challenges such as addiction and mental illness.

Shelter Plus Care provides private apartments and highly individualized supportive services for an open-ended amount of time to 9 women and one child who have a critical need for ongoing intensive case management and support for chronic needs.

New Horizons provides private apartments and family-centered intensive services for an open-ended amount of time to 17 families, many of whom are recovering from domestic abuse and mental illness.

Youth Enrichment Program (YEP!) provides academic support and life skills development to our youth residents living in New Horizons. Operating all year, YEP! engages children and parents in the children's scholastic achievement, as well as their social growth.

New Hope provides shared apartments and health and wellness-centered services for an open-ended amount of time to 10 homeless women living with chronic illness.

New Journeys offers permanent-supportive housing and support in a dorm-style setting for six women aged 55 and older, most of whom have physical and mental health problems and have been without stable housing for many decades.

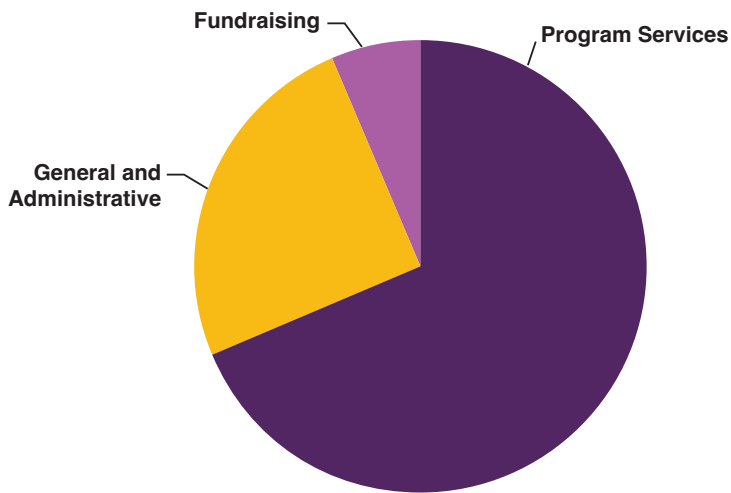

New Journeys II provides private apartments and trauma-informed services for an open-ended amount of time to 15 women, many of whom have been living on the streets for years.

Rachael's House serves 17 women with chronic needs in apartments and a shared permanent, supportive home setting, supporting residents to reach employment and self-sufficiency goals.
